Sh. Karnesh Sharma, IAS, Deputy Commissioner Rupnagar inaugurating the NIELIT Rupnagar, centre.

Sh. Ashwini Kumar Sharma, Director General, NIELIT HQ speaking on the occasion of inauguration of the NIELIT Rupnagar, centre.

About NIELIT Rupnagar Centre

National Institute of Electronics and Information Technology, Rupnagar Centre is coming up on 89 Kanals 7 Marlas of land (adjoining to the upcoming IIT, Rupnagar Campus) that was allotted free of cost by Government of Punjab at Village Bada Phull, Rupnagar in September 2012.

Subsequently, Department of Electronics and Information Technology (DeitY) approved a project titled "*Construction of Permanent Campus of NIELIT Chandigarh at Ropar, Punjab*" on this land under 'Manpower Development Programme (including Skill Development in IT)' with budgetary outlay of Rs. 8,426.00 lakh.

Objective –

- To develop Human Resources at various levels including Certificate, Diploma, Graduate, Post Graduate and Research Professionals with adequate competence levels
- To launch Short Term / Long Term modular non-formal courses in selected areas of specialization
- To upgrade the competence of working professionals in Indian Industries
- To upgrade the knowledge and skills of faculty of technical institutions necessitated due to high obsolescence of this area
- Quality Control, Reliability evaluation and related techniques for IECT industries
- To promote affordable Electronics Design & Technology targeted towards rural / underdeveloped areas
- To make available Design Consultancy, Product Development & Technical Support Services of international standard to Indian industry
- To generate self employment, Entrepreneurship and setting of Electronics Industry
- To promote e-Learning mode of education

We all know that the aspirants/students of Electronics and Information Technology face great challenge of keeping themselves abreast with the current trends in the industry. Continual updation and training in latest areas as per the requirement of current trends in the industry is the only solution by virtue of which one can overcome these challenges.

Rupnagar Centre will play a major role in the field of Information, Electronics, and Communication Technology (IECT) by providing training through wide range of courses starting from elementary level to Advanced levels.

Training Programme have been designed with utmost care keeping in mind the current requirement of the industry. These courses will be very useful for the students and will help them to hone their skills and ultimately achieve the technical expertise that they always dreamt of.

In addition, NIELIT Rupnagar Centre shall conduct skill development training programmes in the field of IT and Electronics with a view to equip the women and youth in the region with requisite skills, leading to greater employability and enhancement of their livelihood.

Besides specialized industry oriented short term training programmes with a focus on employability of youth in the region would be the mandated by the centre. The Centre shall also promote design and development of electronics products under 'Make-In-India' and Electronic System Design and Manufacturing Policy frameworks through high-end training programmes.

The construction of NIELIT's permanent Campus in Rupnagar (adjacent to IIT Rupnagar), with state-of-the-art facilities, spread over 12 acres of land, is in full swing and is expected to be operational by October 2016.

Meanwhile, Rupnagar Administration has also allotted built-up space at Dr. B. R. Ambedkar Bhawan, Rupnagar for starting a small training facility at Rupnagar (till the permanent campus at Village Bada Phull becomes operational) for creating awareness amongst general public of this region as well as capacity building by promoting the use of computers and imparting computer education and professional services in the fields of Information, Electronics & Communications Technology (IECT) to various Government Departments of Rupnagar District.
